TRANSLATOR CAPABILITIES

TRANSLATION BASED ON INDUSTRY AND CORPORATE SPECIFICS

Specialized dictionaries and profiles, various tools for fine linguistic tuning, capability of agile integration into corporate resources (dictionaries, glossaries, Translation Memories, lists of proper names), translation in respect of corporate style.

INSTANT TRANSLATION OF DOCUMENTS OF ANY FORMAT

The translator application takes into account the type and subject matter of the document, preserves the formatting and consequently optimizes the work with documents in foreign languages and cuts the time of translation of reports, presentations, marketing materials.

TRANSLATION FOR ANY TASKS

An accurate translation of texts of any size, modern general purpose dictionaries and specialized science- and industry-specific dictionaries – all you need to translate in one application.

TRANSLATION EVERYWHERE DESIRED

PROMT Agent allows for translating without switching between application screens. Simply select a word or a text fragment in any program (MS Word, Excel, PowerPoint, Adobe Reader/Acrobat, browsers, messengers) and the resulting translation will appear in a popup window next to the original text.
